RE: Wireless Dynamics

FCC ID: SHFSDID1010

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) Please provide photos of both sides of the EUT. FCC rules require photos of both the top and bottom sides, in addition to photos of all user assessable controls, switches or ports. Kindly revise your Exhibit.
- 2.) There appears to be a plastic cover on the nose of the card shown in the Internal Photographs. Kindly show what is underneath this portion of the EUT or explain what is shown.
- 3.) Your confidentiality request letters must be revised. The best way to think about these requests is to understand that they are mutually exclusive. This means that an exhibit cannot apply both "Permanent" and "Short-Term" confidentiality. Kindly revise your Confidentiality Request letters.
- 4.) Kindly provide evidence of DofC. In particular, please provide contact information on the "responsible party" as defined in the FCC rules.
- 5.) Upon examining your Appendix C inside your Test Report, I find it difficult to understand where you are placing your 40dB distance correction. Kindly provide an example calculation of the highest values found in Section C.8.
- 6.) FYI: All Occupied Bandwidth plots as shown in Test Report beginning with Figure 7 do not have any vertical graticule. This makes it difficult for any examiner to adequately determine compliance. In the future, be sure to always include this graphical information. Depending on your software, it may be easier to plot this in linear and not logarithmic frequency mode.

William H. Graff  
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
