Models Difference Letter

Dear Sir,

There are (2) model numbers to be registered under 7145A-25690702.

The first model CDX-135Z includes a smoke detector and a carbon monoxide sensor. The second model SDX-135Z has the carbon monoxide detector depopulated.

That is the only difference between models.

Yours sincerely,

A handwritten signature in black ink that reads 'Steven E Hoke'.

Name: Steven Hoke

Title: Senior EMC Engineer
