Subject: Application for Class 2 Permissive Change to FCC Authorized Transceiver with FCC ID: AZ489FT5871

Dear Sir/Madam,

A permissive change is requested for the subject transceiver which is marketed in the United States and elsewhere.

A. DESCRIPTION OF PRODUCT CHANGES:

There is an additional grounding added between PCB and radio housing to improve the radio performance. There is no other electrical change to the product.

B. PERFORMANCE DIFFERENCES:

EME has been assessed and there is no degradation observed. However, observed degradation in EMC compared to original filling but still within FCC limits.

C. CONCLUSION:

This radio continues to meet all FCC emissions requirements for which authorization was granted.

Sincerely,

Arine Lee
FCC/IC Certification Manager
