To whom it may concern,

Itronix, of Spokane WA, is our customer in good standing and will be producing a laptop computer (Itronix model LX 250) which incorporates the RIM 802D radio modem module (FCC ID L6AR802D-2-O).

Itronix will be submitting an application for certification of the final integrated product with a unique FCC ID using their own grantee code. Itronix will submit SAR and ERP data for the final integrated product. For information about the radio modem module please refer to RIM's submission FCC ID L6AR802D-2-O.

In the past, this method has allowed our customers to integrate the radio modem module without repeating FCC part 90 testing or accessing RIM proprietary confidential information. RIM does not disclose proprietary confidential information about our products. Our FCC submissions are considered proprietary confidential information.

Should you have any questions, please do not hesitate to contact our Senior Certification Engineer, Masud Attayi, at (519) 888-7465 x2442 or by email at [mattayi@rim.net](mailto:mattayi@rim.net).

FCC Part \_90\_ Certification  
Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, ITRONIX CORPORATION hereby requests confidentiality of the, Circuit Diagrams, Circuit Description, Parts List, Procedure, Operational Description attachments for the subject application.

Pursuant to CFR 47 Chapter 2 Section 0.457 (d) and 0.457 (d)(2)(i) these documents contain detailed system and equipment description and related information about the product which ITRONIX CORPORATION considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, ITRONIX CORPORATION considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,
