RE: Class II Permissive Change Request  
FCC ID: XMR201609MC60

To Whom It May Concern:

Please be advised that pursuant to FCC Rule 47CFR 2.1043 the grantee holder requests that the above-referenced model be approved for class II permissive change.

The reason for the class II change is to allow the module to be used portable conduction (<20cm to end user). We have provided RF exposure evidence to support this change.

Thank you for your attention to this matter.

Yours faithfully
