

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

March 23, 2005

Dear Application Examiner:

On behalf of Intermec Technologies Corporation, Northwest EMC, Inc is submitting this application for the certification of Intermec's Model 2610CF transmitter, FCC ID: EHA2610CF. It is an 802.11b/g radio module that will be used inside of Intermec's Model 700C, 751G, CN2, and CN2NI handheld computers. This application contains attestation statements from the applicant that the Model 751G is electrically and mechanically identical to the tested Model 700C; and the CN2 is electrically and mechanically identical to the tested Model CN2NI.

The radio utilizes antennas that are internal to the handheld computers. There is no user access to the antennas. There are no external antennas for the Model 2610CF transmitter. This configuration satisfies the requirements of 47 CFR 15.203.

The technical reports and exhibits demonstrate compliance with FCC rules 47 CFR 15.247 as a DTS transmitter.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
