Lenovo Smart Clock Essential with Alexa Built-in

Safety, Warranty & Quick Start Guide
Lenovo CD-4N342Y

 Read this guide carefully before using the device.

Read before using the device

Read first - regulatory information

Device models equipped with wireless communications comply with the radio frequency and safety standards of any country or region in which it has been approved for wireless use. In addition, if your product contains a telecom modem, it complies with the requirements for connection to the telephone network in your country.

Be sure to read the *Regulatory Notice* for your country or region before using the wireless devices contained in your device. To obtain a PDF version of the *Regulatory Notice*, go to:

<https://support.lenovo.com>

Getting support

- The WLAN network of this device only supports 2.4GHz.
- All pictures and illustrations in this document are for your reference only and may differ from the final product.
- To protect your privacy, slide the button to the mute icon side to mute microphone.
- Temperature and humidity display and volume (dB) can be switched by voice.
- The default time display is 12-hour system, and you can use Alexa app to switch between the 12/24-hour system.

Alexa is designed to protect your privacy

Wake word and indicators

Alexa doesn't begin listening until your device detects the wake word (for example, "Alexa"). A blue light lets you know when audio is being sent to Amazon's secure cloud.

Microphone controls

You can disconnect the microphone by toggling off the microphone mute switch on your device.

Voice History

Want to know exactly what Alexa heard? You can view and delete your voice recordings in the Alexa app at any time.

Getting Started

Download the Amazon Alexa app

On your phone or tablet, download and install the latest version of the Alexa app from the app store.

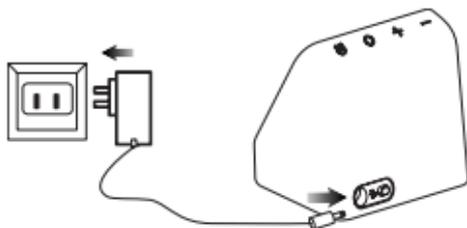

- ⓘ Before setting up your device, have your WLAN network name and password ready.

Plug it in

Connect the power adapter to your Lenovo Smart Clock Essential with Alexa Built-in. Press and hold the alarm setup button and the volume up button simultaneously until LED status indicator turns orange. In about one minute, Alexa will greet you and inform you of setup procedures in the Alexa app.

Only use the provided power adapter. A third-party adapter is not available for this device.

- Factory reset: Press and hold the alarm setup button and the volume down button at the same time for 12 seconds.
- WLAN setup: Press and hold the alarm setup button and the volume up button at the same time for 3 seconds.

Set up your Lenovo Smart Clock Essential with Alexa Built-in in the Alexa app

Open the Alexa app to set up your Lenovo Smart Clock Essential with Alexa Built-in on condition that Bluetooth is turned on on your phone or tablet. Log in with an existing Amazon account username and password, or create a new account. If you aren't prompted to set up after opening the Alexa app, tap the  **Devices** and tap , and then select **Add Device** -  **Clock**. Afterward, follow the on-screen instructions to add your device manually.

The app helps you get more out of your Lenovo Smart Clock Essential with Alexa Built-in.

For help and troubleshooting, go to Help & Feedback in the Alexa app or visit www.amazon.com/devicesupport.

Alarm Clock

Check the alarm clock

Short press the alarm setup button to check existing alarms.

If you have more than one alarm, short press the alarm setup button again to switch to the next alarm clock.

Set an alarm clock

Press and hold the alarm setup button for more than 2 seconds to enter the alarm clock setting mode.

- Press the alarm setup button to confirm the current setting and automatically switch between the routine, hours and minutes categories.
- Press the volume up/down buttons to set each category.
- If the alarm clock is set to afternoon time with the set “Hour” value over 12, “AM” will automatically change to “PM” in the display.
- Press the volume up button to confirm the alarm setting.

Delete an alarm clock

In the alarm check interface, short press the alarm setup button and volume down button.

Exit from alarm clock setting

- Perform no operation for at least 8 seconds.
- Press and hold the alarm setup button for more than 2 seconds.

Snooze and stop alarm clock

After an alarm sounds, you can tap or press alarm setup button to enable snooze mode. Your alarm clock will sound again several minutes later (9 minutes).

To stop an alarm clock, short press the action button or use a voice command.

Important safety and handling information

Plastic bag notice

Danger: Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

Safety instructions for parents and adult supervisors

The device is not a toy. As with all electrical products, precautions should be observed during handling and using of electrical products to reduce the risk of electric shock. If parents choose to allow children to use the device, they should caution his or her child about the potential hazard while using and handling the mobile device. Parents should inspect the mobile device (including the ac power adapter and the small part, as applicable) periodically for damage. Routinely check this mobile device to ensure that the device is working properly and is safe for children to use.

Service and support information

Lenovo Limited Warranty notice

This product is covered by the terms of the Lenovo Limited Warranty (LLW), version L5050010-02 08/2011. Read the LLW at https://www.lenovo.com/warranty/llw_02. You can view the LLW in a number of languages from this website.

Warranty information

Lenovo provides a warranty period for your device. To check the warranty status of your device purchase upgrades, go to <https://support.lenovo.com/warrantylookup>, and then select the product and follow the on-screen instructions.

Get support

Visit Lenovo's support website (<https://support.lenovo.com>) with the device serial number to get more Lenovo support options, or scan the QR code, and then follow the on-screen instructions.

Environmental, recycling, and disposal information

General recycling statement

Lenovo encourages owners of information technology (IT) equipment to responsibly recycle their equipment when it is no longer needed. Lenovo offers a variety of programs and services to assist equipment owners in recycling their IT products. For information on recycling Lenovo products, go to <http://www.lenovo.com/recycling>.

Recycling information for Japan

Recycling and disposal information for Japan is available at: <http://www.lenovo.com/recycling/japan>

WEEE information

Don't dispose of your product with your household waste. Refer to the User Guide that came with your product for further information, or go to <https://www.lenovo.com/recycling>

Restriction of Hazardous Substances Directive (RoHS)
