

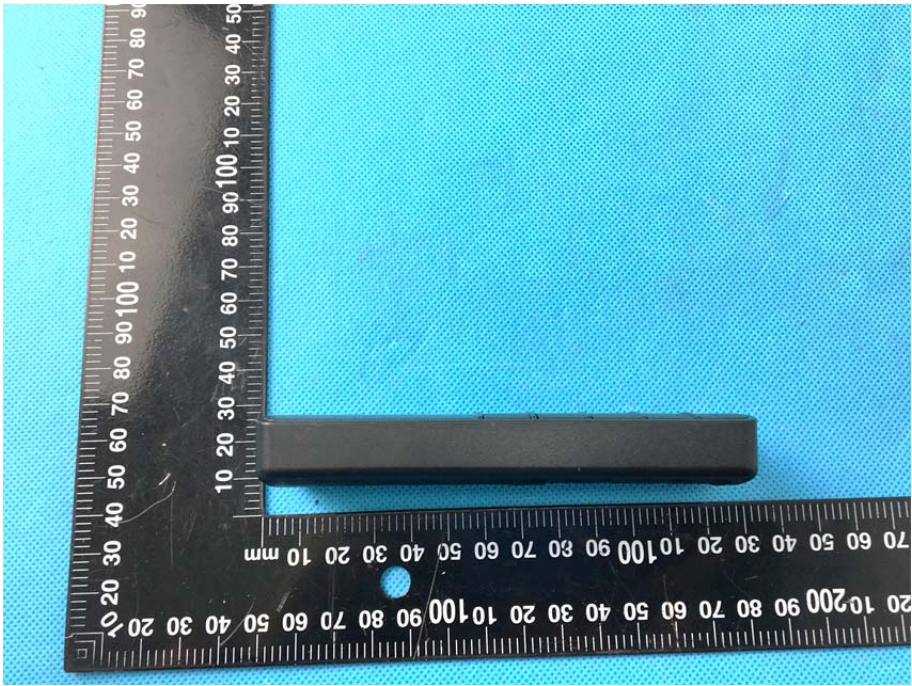

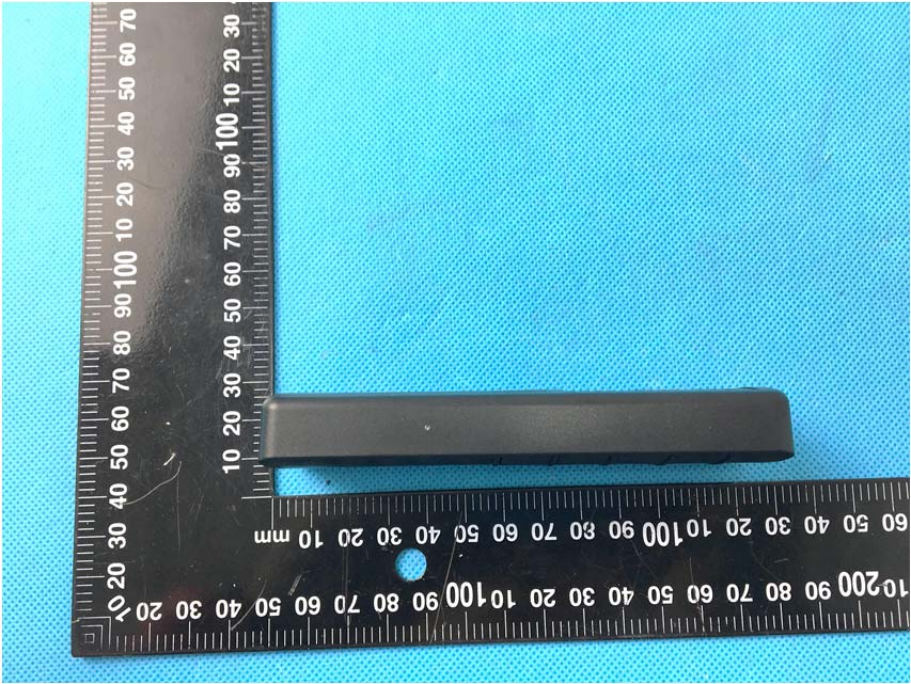

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a black electronic device (EUT) and a small black component (likely a connector or plug) placed next to a ruler for scale. The ruler is marked in centimeters (0 to 100) and millimeters (0 to 10). The background is a blue textured surface. The device has a power button, a volume button, a home button, and a camera lens. The small component is a black plastic piece with a rectangular opening.
EUT View 2	 A photograph showing the same black electronic device (EUT) placed next to a ruler for scale. The ruler is marked in centimeters (0 to 100) and millimeters (0 to 10). The background is a blue textured surface. The device has a power button, a volume button, a home button, and a camera lens.

EUT View 3	
EUT View 4	

EUT View 5	 A black rectangular device is shown lying horizontally on a blue textured surface. A black ruler with white markings is placed vertically to the left of the device, and another black ruler with white markings is placed horizontally below the device. The vertical ruler shows markings from 0 to 70 cm. The horizontal ruler shows markings from 0 to 100 mm. The device is approximately 10 cm long and 1 cm thick.
EUT View 6	 A black rectangular device is shown lying vertically on a blue textured surface. A black ruler with white markings is placed vertically to the left of the device, and another black ruler with white markings is placed horizontally below the device. The vertical ruler shows markings from 0 to 70 cm. The horizontal ruler shows markings from 0 to 100 mm. The device is approximately 10 cm long and 1 cm thick. The top of the device features a series of buttons or indicators.
