Subject: FCC Class II Permissive change for FCC ID: 2ABGH-RC555L

To Whom It May Concern,

This is to request a Class II Permissive change for FCC ID: 2ABGH-RC555L, originally granted on 2017-10-20.

The Major change filed under this application is as below:

1. This permissive change is to add HAC test under ANSI C63.19-2011 to include all the bands and modes for this multi-band and multi-mode handsets, the HAC test report and user manual with HAC ratings were submitted as exhibits with this C2PC application. There is no other change in circuitry or construction.

As the concern above, we make tests for HAC. Other testing results are from original model.

Thank you.

Sincerely,
