<p><b>Safety and Handling</b></p> <p><b>【Warning】</b> Before using the Magnetic Wireless Charger , pls read below safety information. Failure to follow these safety instructions could result in fire,electric shock,injury,or damage to the Magnetic Wireless Charger or other property. The glass surface of the product is fragile, please handle with care.</p> <p><b>Liquid</b></p> <p>Keep Magnetic Wireless Chargers away from liquids such as beverages, oils, lotions, wash basin, tubs, and showers. Protect Magnetic Wireless Charger from damp or rainy weather (rain, snow, fog).</p> <p><b>Charger</b></p> <p>When charge the Magnetic Wireless Charger, please use compatible power adapters or third party power adapters that comply with national / regional regulations and international and regional safety standards. Other adapters may not reach safety standards and there may be a risk of death or injury from using such adapters.</p>	<p><b>Technical Information</b></p> <p>Adapter technical specification proposal</p> <ul style="list-style-type: none"><li>·Frequency: 50 to 60Hz, single phase</li><li>·Line Voltage: 100 to 240 VAC</li><li>·Input/Output: 5VDC/3A 9VDC/2.2A</li><li>·Maximum Output Power:15W</li><li>·Output Port:USB-C</li></ul> <p><b>Magnetic Wireless Charger Technical Information</b></p> <ul style="list-style-type: none"><li>·Input Voltage/Current: 5VDC/3A or 9VDC/2.2A</li><li>·Operating Temperature:0~35°C(32~95°F)</li><li>·Power: 5W/7.5W/10W/15W</li></ul> <p>FCC Statement</p> <p>This device complies with part 15 and part 18 of the FCC Rules. Operation is Subject To the following two conditions:</p> <p>(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not explicitly approved by the party responsible for compliance could void the user's authority to operate this equipment.</p> <p>Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 and part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and candidate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"><li>· Reorient or relocate the receiving antenna.</li><li>· Increase the separation between the equipment and receiver.</li><li>· Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li></ul>	 <p>SCAN AND REGISTER for more information &amp; discount</p> <p>MIRACASE INTERNATIONAL LIMITED</p> <p>MIRACASE offers you 180 days warranty for our products, any questions, please contact with us.</p> <p>Web: <a href="http://www.miracase.com">www.miracase.com</a> Email: <a href="mailto:service@miracase.com">service@miracase.com</a></p> <p>· Consult the dealer or an experienced radio/TV technician for help.</p> <p>The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.</p> <p>This device complies with Part 18 of the FCC Rules. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"><li>● Increase the separation between the equipment and any other radio device.</li><li>● Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li></ul> <p>MADE IN CHINA</p> <p>CE RoHS Compliant FC X Recycle</p>
