

Statement

The FCC ID certificate was signed on March 8, 2021. However, due to personal reasons, external photos and test setup photos were not kept secret in a short period of time.

Now we have applied for short-term secrecy for external photos and test setup photos. We acknowledge that TCB can only assist in concealment of information on the FCC website, and we are willing to assume all risks arising from changes to this information.

Shazim Mohammad

A handwritten signature in black ink, appearing to read 'Shazim Mohammad', with a stylized, cursive script.
