Warning 

1. Don't place the product into a liquid environment or avoid the product exposed to high humidity.
2. Avoid extrusion to avert the damage to the product.
3. Don't attempt to dismantle the product. Put the product in a cool and dry place to keep it dry if stored for a long time.
4. Avoid touching the strong magnet to prevent the magnetic headset from being demagnetized.
5. Avoid the dusty, wet and dirty environment where the electronic circuit of the equipment may be damaged if being used.
6. Don't use the equipment at the moment of thunderstorm because the thunderstorm may incur equipment fault or shock hazard.
7. Don't use the equipment when riding a motorcycle or a bicycle, driving a car or crossing the road to ensure your safety.
8. Keep the equipment out of reach of children or pets to avert the damage.
9. Don't wash the equipment with chemical, cleanser or strong detergent.

 Don't listen to the voice under high sound pressure and high volume for a long time to prevent the possible hearing impairment when the headset is used.

Battery warning

The built-in lithium battery of the product is forbidden to be disassembled, impacted, extruded or put into fire. The battery under the very low air pressure may result in explosion or flammable liquid or gas leakage. Avoid the battery in a high-temperature environment or being exposed to strong sunlight to avert explosion. Don't use the battery continuously in case of serious ballooning. The battery shall be handled pursuant to the local regulations and shall not be disposed as household garbage. Don't try to repair, remove or refit the battery. The explosion may happen if the battery is replaced by the one subject to incorrect model. Don't compress or puncture the battery with hard object. The battery leakage, overheating or outbreak of a fire may occur if the battery is destroyed.

WEEE

 This symbol means that according to local laws and regulations your product and/or its battery shall be disposed of separately from household waste. When this product reaches its end of life, user has the choice to give his product to a competent recycling organization. Proper recycling of your product will protect human health and the environment.

 Hereby, realme, declares that this device is in compliance with the essential requirements and other relevant provisions of Radio Equipment Directive 2014/53/EU. The declaration of conformity may be consulted at www.realme.com/~global/sup-port/eu-declaration

RF exposure information: The EIRP power of the device at maximal case is below the exempt condition, 20mW specified in EN62479: 2010. RF exposure assessment has been performed to prove that this unit will not generate the harmful EM emission above the reference level as specified in EC Council Recommendation(1999/519/EC).

Caution risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.

Excessive sound pressure from earphones and headphones can cause hearing loss.

Due to the used enclosure material, the earphone shall only be connected to a USB Interface of version 2.0 or higher. The connection to so called power USB is prohibited. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help
- This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.
FCC ID :2AUYFRMA2003

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
Or
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
This equipment complies with ISED RF radiation exposure limits set forth for an uncontrolled environment

L'appareil correspond à une limite d'exposition au rayonnement radiofréquence d'Ed pour un environnement non contrôlé

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) this device may not cause interference,
and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
This class B digital applicats complies with Canadian ICES-003.
This class B digital equipment meets the Canadian nmb-003 standard.

Cet appareil est conforme avec Industrie Canada RSS exemptes de licence standard(s). Son fonctionnement est soumis aux deux conditions suivantes:
(1)cet appareil ne peut pas provoquer d'interférences,
et (2) cet appareil doit accepter toute interférence, y compris celles pouvant causer un mauvais fonctionnement de l'appareil.
This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
