

Declaration on model difference

We the undersigned hereby confirm the main difference between the master model and the coverage model is that the master model has 7 function keys, while the coverage model has only 5 function keys. Additionally, the three other models have different appearances and MCUs. However, the antenna and transmission design are the same for all models.

FCC ID: 2BGF7433003

| Production name | Trade name | Model no. |
|-----------------------------|------------|--|
| 433 Wireless Remote Control | N/A | 13 small 433-003 models, 13 small 433-004 models, 09 433 Wireless Remote Control |
