

FCC Part 15.247 Certification **Test Report**

FCC ID: R32-RFM100

FCC Rule Part: 15.247

ACS Report Number: 04-0096-15C

Manufacturer: Onity, Inc.
Equipment Type: Modular Radio
Model: RFM100

Label Information

RFM100 Modular Radio: FCC ID Label Sample and Location

The FCC ID is etched on the bottom side of the PCB of the RFM100 modular radio as shown below, however, this is not visible when the RFM100 modular radio is installed normally inside host devices, therefore, the FCC ID of the radio will be displayed on the exterior product labeling of our host devices containing the text, "Contains FCC ID:R32-RFM100."

Here is a picture and location of the FCC ID etched on the bottom side of PCB.
