1. Product pictures:

2. Specification sheet:

project	specifications	unit
outline dimension	diameter 0.5mm	mm
frequency	433	MHz
characteristic impedance	fifty	Ω
voltage standing-wave ratio	≤ 3.5	
Polarization mode	linear polarization	
gain	0	dBi
productiveness	> 20	%
attended mode		
working temperature	-20°C~+70°C	
storage temperature	-20°C~+70°C	

3. Finished product specification parameter diagram:

4. Antenna installation diagram:
