Gentlemen,

In accordance with 0.459 of CFR 47, **MSA AUER GmbH** hereby requests confidentiality of all **Block Diagrams, Circuit Description, Circuit Diagrams, Parts List, Operational Description**, attachments for the subject application.
Internal Photos as well because this Module is only for OEM use of MSA products and the internal Photos contain views what MSA helps to have an advantage to our competitor.

These documents contain detailed system and equipment description and related information about the product which **MSA AUER GmbH** considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, **MSA AUER GmbH** considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Dr. Axel Schubert
