FCC ID : NM8BLUEBIRD

Gentlemen:

The following modifications will be installed to our unit (FCC ID : NM8BLUEBIRD) in order to comply with FCC rules for a class B computing device. These modifications will be incorporated in each unit sold under the above FCC ID.

1. Add copper aluminum foil on chassis. (Please refer photo on page 55)
2. Add one Gasket (Model: STG 2-5) on chassis. (Please refer photo on page 55)

We understand that changes may be made to the product if the product is re-tested and a Class I or Class II permissive changes (as applicable) is applied for. We understand that the Equipment Grant Authorization must be issued before we can market our product, or the Class I or Class II change must be approved before we can market our product.

We also understand that peripherals (computer input/output device, modems, printer, etc.) certified to comply with the Class B limits are the only peripherals that may be sold with this computer.

Sincerely yours,

Jason Chang
Jason Chang / EMC Engineer
