A photograph of a custom PCB assembly. The board is populated with two large black joysticks (VR1, VR2), a 3.3V coin cell battery (KST 331 RPIA), a blue push-button switch (SW1), and several connectors (J1, J2, J3, J10, J11, J12). The PCB is labeled with 'R', 'L', 'JP1', 'JP2', 'VR1', 'VR2', 'J10', 'J11', 'J12', 'SW1', 'LS1', 'JP3', and '10230026200 REV.5'. A ruler is placed below the board for scale, showing the assembly is approximately 10 cm wide.
