REQUEST FOR CONFIDENTIALITY

Pursuant to 47 CFR 0.459, Omron requests that a part of the subject application be held confidential. This comprises Exhibits

- (5) Schematics
- (10) Parts List (Part of Exhibit only)

Omron has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

If there are any questions regarding this request, please contact me at the above address or call 734-483-4211, fax 734-647-2106 or e-mail liepa@umich.edu.

Sincerely,

A handwritten signature in black ink that reads "Valdis V. Liepa".

Model: 6U5T-19136
FCC ID: OUCD6000022
IC: 850K-D6000022

CHANGES MADE

The current Transmitter was modified as listed below:

Initially, C12 and R8 were modified to improve battery performance along with a software change in the microprocessor. However, it was determined that these changes caused variation in the higher harmonics, thus requiring re-tuning of the antenna. Resulting in changes to C6 and L1.

GENERAL PRODUCT INFORMATION

The device, for which certification is pursued, has been designed by:

Omron Automotive Electronics Corporation
3709 Ohio Street
St. Charles, IL 60174

Nick Karnezos
Tel: 630 443-6800 Ext. 347
Fax: 630 587-0578

It will be manufactured by:

Omron Automotive Electronics Corporation
3709 Ohio Street
St. Charles, IL 60174

Nick Karnezos
Tel: 630 443-6800 Ext. 347
Fax: 630 587-0578

Acknowledgement of IC Listing Requirements

By signing this document, we acknowledge that any information specified on the ATCB **Application and Agreement Form for Industry Canada Certification Services** provided with this application may be provided to Industry Canada. We acknowledge that this information may be posted in the Radio Equipment List (REL) on the Department's Web Site. Additionally, we understand that we must inform ATCB of any changes to the information submitted.

We further acknowledge that the Certified product shall not be distributed, leased, or offered for sale in Canada prior to its listing on the Industry Canada Radio Equipment List (REL). We are aware that we may verify the status of this listing at the following web address:

Attn: Director of Certification

Authority to Act as Agent

I appoint Valdis V. Liepa, University of Michigan to act as our agent in the preparation of this application for equipment certification. I certify that submitted documents properly describe the device or system for which equipment certification is sought. I also certify that each unit manufactured, imported or marketed, as defined in Industry Canada's regulations will have affixed to it a label identical to that submitted for approval with this application.

For instances where our authorized agent signs the application for certification on our behalf, I acknowledge that all responsibility for complying with the terms and conditions for Certification, as specified by American TCB, still resides with Omron Automotive Electronics Inc, at 3709 Ohio St, St Charles Illinois 60174.

Dated this 6 day of December, 2004
