Subject:

Request for Confidentiality

FCC ID: QIPMC55 QIPMC56

To Whom It May Concern:

In accordance with §0.459 of CFR 47, Siemens AG requests

confidentiality for the following items

- 1. Wiring Diagram
- 2. Schematic
- 3. Part List
- 4. HID
- Block diagram

These items contain detailed system and equipment description and related information about the product which Siemens AG considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Siemens AG also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.
