Made in China

Product Introduction

Release Tripod

Step 1:
Press the triangle button on the bottom of the tripod to release tripod legs.

Step 2:
Hold the handle sleeve with one hand and the pull handle of the phone holder with the other hand to pull out the telescopic rod. Adjust to desired height. Tripod legs will open automatically as the telescopic rod being pulled out.

Fold Tripod

Hold the handle sleeve with one hand and push the telescopic rod back in.

Attention

- Do not pull legs to open tripod.
- Push the handle sleeve all the way down so that the tripod legs are fully opened and stable.

Detach/attach Remote Controller & Charging

Detach Remote Controller:
The remote control is equipped with a magnetic attraction feature. To remove it from the slot, simply pull it outwards. To reinsert it, align it with the slot and it will automatically be attached.

Attach Remote Controller:
The remote control is equipped with a magnetic attraction feature. To remove it from the slot, simply pull it outwards. To reinsert it, align it with the slot and it will automatically be attached.

Switch between Landscape & Portrait

1. The product comes with the patented slide rail and the rotating shaft holder. You can also switch freely between landscape and portrait screen without taking out the phone.
2. Pull outward to open the secondary arm and increase the bearing and stability of the product.
3. Adjust the pan-tilt locking knob to keep the mobile phone holder locked in any direction.

Adjust the control handle

As shown above, adjust the rotating ball head to the required angle by locking and releasing, and then lock the handle to freely shoot any angle.

Description of Cold shoe slot

This product is equipped with three cold shoe slots, which are compatible with a fill light or other photography accessories.

Connect Bluetooth

Long press the shutter/power button on the remote controller for 3 seconds until the green light flashes. On your device, go to Settings > Bluetooth and turn on Bluetooth. Find "SEAJIC" to connect. When pairing is completed, the green light will be on constantly.

Short press the shutter/power button to take pictures when the connected smartphone is in camera mode.

Long press for 3 seconds again to turn off the Bluetooth.

Specifications

Product model	Oth-AB216
Product size	1.8x2.4x10.8in
Product weight	356g(±10g)
Battery capacity	50mAh
Unfolded length	46in(±0.4in)
Product material	Aluminum ABS+PC

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates noise and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.

IC Caution:

This device complies with Industry Canada's licence-exempt RSS. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils à radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'appareil a été évalué pour répondre aux exigences générales d'exposition RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.
