Declaration on Firmware update to enable Link Density (LD) mode

TO WHOM IT MAY CONCERN

We, Sennheiser electronic GmbH & Co.KG, declare on our sole responsibility that the new FW related to

Model name: SK 6000 / SK 9000
SKM 6000/ SKM 9000
SK 6212

can be only updated through our PC Software "Wireless System Manager" (WSM).
The receiver EM 6000/EM 6000 Dante will be connected to WSM and the FW will be transferred through IR to the above-mentioned transmitter.

There is no open interface for end user, only original Sennheiser FW can be installed.
Receiver EM 6000/EM 6000 DANTE use a Hardware device identification to allow FW update.

We attest that the new Firmware can only operate with the devices mentioned above.

If you have any questions, please feel free to contact us at the address shown below.

Sincerely,

 **SENNHEISER**
