

Honeywell International Inc
Honeywell Safety and Productivity Solutions
9680 Old Bailes Road
Fort Mill, SC 29707 USA

Justification Letter

Date: 2017/04/18

FCC ID: HD5-SF61B-A

IC ID: 1693B-SF61B1

Product name: SF61B (Barcode Scanner)

Trademark: Intermec

Model/Type: 1016SP01B

To whom may concern:

Label has been placed in battery compartment for following reason and how end-user can easily see approval ID when customs purchase it.

1. Located in place in battery compartment because external design does not have enough room and convenient location durability to show complete FCC ID and IC ID with statement.
2. FCC/IC ID and statement will be readily viewable when batteries cover open.
3. Goods will be packed separately with battery so it's viewable when end-user purchases it.
