

NOTICE TO OEM INSTALLERS (EV620)

LABELING

FCC rules require the Original Equipment Manufacturer using the module to place the appropriate label on the outside of the finished equipment. The label must be clearly visible and include the information shown below:

This label must not be stick-on paper label. The label must be permanently affixed to the product and readily visible at the time of purchase and must last the expected lifetime of the equipment and not be readily detached.

RF EXPOSURE

The module has been approved for use with antennas up to 5dBi greater than 20cm from all persons. The OEM is responsible for ensuring that the antenna installation meets these requirements or if not is responsible for ensuring SAR evaluation is performed on the final product.
