SAFETY INFORMATION

WARNING: FAILURE TO READ AND FOLLOW THESE SAFETY INSTRUCTIONS BEFORE OPERATION COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.

WATCH FOR SMALL PARTS Your device and accessories may present a choking hazard to small children. Keep them out of reach of small children.

WARNING Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARNING Strobe lights may trigger seizures in people with photosensitive epilepsy. Do not install, test, or operate product if you have epilepsy or sensitivity to flashing light.

CAUTION This product contains a loud (about 100 dB) siren. Do not stand near the siren when sounding. Exposure at close range may be harmful to your hearing. Wear hearing protection when testing the alarm.

CAUTION This product contains bright flashing lights. Do not look directly at light source. Flashing lights may cause dizziness. Use caution when testing or installing the product while standing on a ladder or step stool.

CAUTION To reduce the risk of falling, take extra caution when using a ladder or similar equipment to mount the product.

CAUTION Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer. Dispose of the used batteries according to the manufacturer's instructions.

Battery Safety

This product contains alkaline batteries. This device requires batteries for use. Only use new 1.5V alkaline D-sized bat-

teries. Never mix old and new batteries. Keep all of the batteries out of the reach of children. Do not open, disassemble, puncture, cut, bend, shred or heat the batteries and do not allow metal objects to touch the battery terminals on the device as they can become hot and cause burns. Remove all batteries if they are worn out or before storing your device for an extended period of time. Dispose of all batteries in accordance with applicable laws and regulations and do not dispose of batteries by throwing them into a fire. If any batteries begin to leak, take steps to prevent the fluid from coming into direct contact with skin or clothes as the fluid could be corrosive and may be toxic. Remove the batteries and clean the battery compartment in accordance with the battery manufacturer's recommendations.

Maintaining your Ring Outdoor Siren
Ring Outdoor Siren is for outdoor use only.

Your device is water resistant and is suitable for outdoor use. However, your device is not intended for underwater use. To protect against electric shock, do not submerge or immerse your device or batteries in water or expose your device or batteries to other liquids. Do not spill any food or beverages on your device or batteries. Do not attempt to clean or polish your device or batteries with or expose your device or batteries to oil, lotion, or other abrasive substances. Do not expose your device or batteries to salt water or other conductive liquids. Do not expose your device or batteries to pressurized water, high velocity water, or extremely humid conditions (such as a steam room). If your device or batteries gets wet from immersion in water or high pressure water, carefully disconnect all cables without getting your hands wet and wait for them to dry completely before powering it on again. Do not attempt to dry your device or batteries with an external heat source, such as a microwave oven or a hair dryer. To avoid risk of electric shock, do not touch your device or batteries or any wires connected to your device during a lightning storm while your device is powered. If your device or batteries appears to be damaged, discontinue use immediately. Protect your device from direct sunlight.

Use only accessories supplied with

your device, or specifically marketed for use with your device, to power your device. Use of third-party accessories may impact your device's performance. In limited circumstances, use of third-party accessories may void your device's limited warranty. In addition, use of incompatible third-party accessories may cause damage to your device or the third-party accessory. Read all safety instructions for any accessories before using with your device. Always make sure that the power supply to everything you are working on is properly isolated. If in doubt, seek the assistance of a qualified electrician. Refer to your local laws and building codes before performing electrical work; permits and/or professional installation may be required by law.

Product Specifications

Device Name: Ring Outdoor Siren

Model Number: 5D22E2

Electrical Rating: 3D Cell Alkaline Batteries (1.5 V), 1 Ring Quick Release Battery Pack (3.65 V) sold separately, 9-28 V DC, 12W

Temperature Rating: -5°F to 120°F (-20.5°C to 48.5°C)

RECYCLING YOUR DEVICE PROPERLY

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of, or recycle, your device in accordance with your local laws and regulations. For information about recycling your device, go to amazon.com/devicesupport.

Terms of Service and Warranty

FCC Compliance Statement (for products subject to part 15)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to Section 15.21 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device meets the FCC Radio Frequency Emission Guidelines. Information on the product is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at fcc.gov/oet/ea/fccid.

Information Regarding Exposure to Radio Frequency Energy

The output power of the radio technology used in the Products is below the radio frequency exposure limits set by the FCC. Nevertheless, it is advised to use this product in such a manner that minimizes the potential for human contact during normal operation. This device should be installed and operated with at least 20 cm between the radiator and your body.

For Consumers in Canada

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Information Regarding Exposure to Radio Frequency Energy

This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Pour les utilisateurs au Canada

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage.
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Renseignements relatifs à l'exposition à l'énergie des radiofréquences

Cet équipement est conforme aux limites d'exposition IC CNR-102 prévues

pour des environnements non contrôlés. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

CAN ICES-3 (B)/NMB-3(8)

RECYCLAGE ADÉQUAT DE VOTRE APPAREIL

Dans certaines régions, la mise au rebut de certains appareils électroniques est réglementée. Veuillez à éliminer ou recycler votre appareil conformément aux lois et réglementations locales. Pour en savoir plus sur le recyclage de votre appareil, consultez amazon.com/device-support.
