

## Agent Authorization

**Company:** VVDN Technologies Private Limited

**Address:** 29975 Technology Drive, Suite 101 Murrieta, CA 92563

**Product Name:** QCS610-410EVK

**Model Number(s):** QCS610 EVK (SOM + Carrier)

- **Product Description:** This is an evaluation board (SOM +Carrier) based on Qualcomm 610/410 processor. The Qualcomm® QCS610/410 SoC is a high performance IoT System-on-Chip (SoCs) delivering premium features for building advanced smart camera and IoT use cases encompassing machine learning, edge computing, sensor processing, voice UI enablement and integrated wireless connectivity cost effectively. This evaluation board will help developers to develop and test their on applications before actual product design. Also it will help to evaluate the performance of QCS610/410 processor.

We authorize MiCOM Labs Inc., 575 Boulder Court, Pleasanton, California 94566, USA, to act on our behalf on all matters concerning the certification of above named equipment.

We declare that MiCOM Labs Inc. is allowed to forward all information related to the approval and certification of equipment to the regulatory agencies as required and to discuss any issues concerning the approval application. Any and all acts carried out by MiCOM Labs on our behalf shall have the same effect as acts of our own.
