

## Label pasting position

NO	Parts Name	Parts Code	Q' TY	Remarks
①	Wireless Module Label	TLABZ2404MPZZ	1	

Radio module : RUITZ0001MPZZ

Radio module : Photo

※Since Wireless Module Label is attach with double-stick tape, it does not separate.

●The quality of the material of a label

The label is a synthetic paper which uses polypropylene as a main material. Therefore, it tension strength and bends and is strong against a shock.

●Tension strengt

The 180-degree tension strength of double-stick tape is 15N/20mm. Therefore, it does not separate easily.

●Influence from the outside

Since a label is finally fit into a product, it is the environment where it is hard to separate.
