

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the front of a small, rectangular wooden portable radio. The radio has a light-colored wood grain finish. On the left side, there is a speaker grille with vertical slats. To the right of the grille is a circular analog frequency dial with a needle and markings. Below the dial are two small circular buttons. The radio is placed on a blue surface next to a black ruler with white markings. To the right of the radio are two black cables: one with a 3.5mm audio jack and another with a USB-A connector.
EUT View 2	 A photograph showing the back of the same wooden portable radio. The back panel is made of the same light-colored wood. Two silver-colored metal screws are visible at the bottom center. The radio is placed on a blue surface next to a black ruler with white markings.

EUT View 3	 A photograph showing the back of a black rectangular portable Bluetooth speaker with a brown leather-like border. The speaker is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically on the left and horizontally at the bottom. The speaker's back panel features a silver speaker grille, an antenna, a charging port, and an audio input jack. Printed text on the back includes the brand name 'SIMOLIO', model number 'JH-761M', and technical specifications: 'Portable Bluetooth Speaker with FM Radio', 'Model No.: JH-761M', 'Charging Input: DC 5V=1A', 'Li-Ion Battery: 3.7V/2000mAh', and 'Made in China'. It also lists service email addresses for USA, UK, and DE.
EUT View 4	 A photograph showing the bottom of the same black rectangular portable Bluetooth speaker. It is placed on a blue textured surface next to a black ruler with white markings, oriented similarly to View 3. The bottom panel is made of a light-colored wood-grain material and features four black circular feet. A silver metal connector is visible at the bottom edge.
