

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

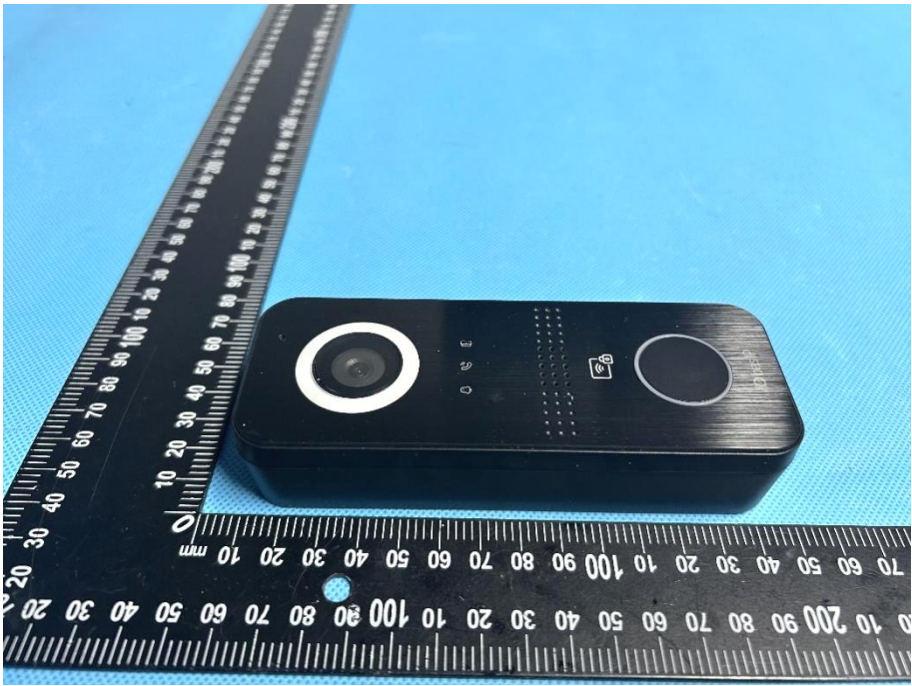

EUT View 1	 A photograph showing two views of a black electronic device (EUT) placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in centimeters and millimeters. The device on the left is the front view, featuring a circular camera lens at the top, a small display area in the middle, and a circular button at the bottom. The device on the right is the back view, showing a rectangular shape with a small circular feature near the top and several small holes or ports along the bottom edge. The text 'iD bas P' is visible on the front view.
EUT View 2	 A photograph showing the front view of the black electronic device (EUT) placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in centimeters and millimeters. The device is oriented vertically, showing the circular camera lens at the top, the small display area in the middle, and the circular button at the bottom. The text 'iD bas P' is visible at the bottom of the device.

EUT View 3

EUT View 4

EUT View 5	 A black rectangular electronic device is shown from a top-down perspective. It features a large circular lens on the left side and a smaller circular sensor or camera on the right side. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device is approximately 100 mm long and 30 mm wide.
EUT View 6	 A black rectangular electronic device is shown from a top-down perspective, similar to View 5. It features a large circular lens on the left side and a smaller circular sensor or camera on the right side. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device is approximately 100 mm long and 30 mm wide.
