P200

EUT View1	 A photograph showing the front of a grey, ruggedized trail camera. The camera has a black antenna on top, a lens in the center, and two circular ports at the bottom. It is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.
EUT View 2	 A photograph showing the back of the same grey trail camera. A black label is visible on the back, containing the text "Meidase P200 Trail Camera", "www.meidase.com", "FCC CE UK", and "Made in China". The camera is placed on a blue surface next to a black ruler with white markings, similar to the first view.

P100

EUT View 1	 A photograph showing the front of a rugged, black electronic device (P100) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the device, showing measurements in centimeters (0 to 100) and millimeters (0 to 10). The device features a small antenna at the top, a lens in the center, and various ports and buttons on the front face.
EUT View 2	 A photograph showing the back of the same rugged, black electronic device (P100) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the device, showing measurements in centimeters (0 to 100) and millimeters (0 to 10). The back of the device shows a large rectangular area, possibly a battery cover or a sensor, and a small antenna at the top.
