

Smart HD Camera XD

Reference Video

Features

- * Special design Smart Camera, Can be placed in a rotating magnetic attraction bracket.
- * Capture Video 640*480 and HD 1280x720P (optional) MP4 H.264
- * Automatic video recording
- * Mobile detection sensing, when objects enter, APP will automatically push the alarm message
- * Wi-Fi Remote Control, Support AP P2P & IP Connect,
- * Alarm recording and continue recording

Specifications

Model	XD
Sensor	CMOS Sensor
Video	640*480 and 1280 x 720 optional
Colour	Black and white optional
Angle	120°
Video File	.MP4
Video CompressionFormat	H.264
Photo	640*480 and 1280 x 720 optional
Photo File	JPG
IR	Support
Battery Type	No Battery and Built-in 200mAh Li-ion Battery optional
Memory	External memory card Micro SD card, up to 128G capacity
WIFI	(SDHC) AP Connect, P2P Connect, watching and control
Motion Detectio	camera live Support
Interface	Micro USB
Accessories	HD camera, User Manual, USB Cable
Product size	36*30*12mm
Package Size	8*8*4cm 60g
Unit Weights	12g/PC
Weights	

FCC Caution :

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
