

Step 1: Instruction in Beacon Instruction (Paper Insert in retail box) “Download the manual at uber.com/beacon”

What's inside

Beacon	Magnetic base	USB cable	Car charger
 Logo  Screen			

Dashboard installation

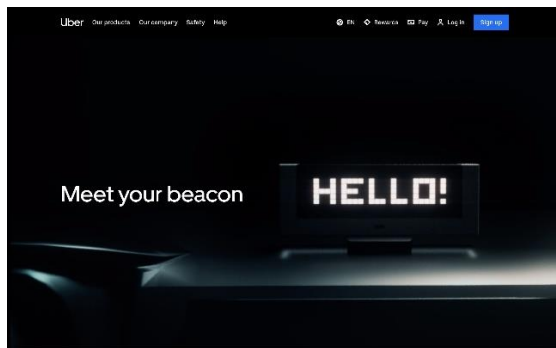

- 1 Connect your beacon to its base.

- 2 Center on dashboard with logo facing out, so the screen is visible to riders.

- 3 Peel sticker off the bottom and press firmly to dashboard.

- 4 Plug in beacon using the car charger.

Bluetooth pairing

- 1 Make sure your Driver app is up-to-date.

- 2 Turn on your phone's bluetooth.

- 3 Make sure your beacon is connected to power.

- 4 Go to Account > Beacon in the app to pair.

Download the manual at uber.com/beacon

step 2: find “download e-user manual” in uber.com/beacon

Your in-car assistant

Beacon reminds your riders to wear their seatbelt, close the door gently and exit safely, so you don't have to.

Easier pickups, everytime

Spot your rider easily with our color watching technology.

Step 3: e-user manual

The fine print

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Warning

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC SDoC

Beacon 2.0
Uber Technologies, Inc.
San Francisco, California 94103
www.uber.com

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Warning

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) this device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
