

1.2. Operation Description

The EUT is Zune FM Transmitter with AutoSeek. The operation frequency is from 88.1MHz to 107.9MHz with FM modulation. 199 manually selectable channels were built in the EUT. The channels are separated by 100kHz. The signals are modulated by FM. RF signals are transmitted from the planar antenna. AC 120V/60Hz shall be provided for EUT operation.
