

Nebula Wireless Charging Pad with Integrated 2-in-1 Cable

Instruction Manual

7141-23

Features:

1. USB Cable
2. Silicone Cover
3. Wireless Charging Pad
4. 2-in-1 Charging Cable
5. USB Cable Storage Compartment

What's included:

- 1 x Wireless Charging Pad
1 x Instruction Manual

Tech Specifications

- Total Input: DC 5V/2A
- Wireless Input/Output: DC 5V 1A/0.7A
- Cable Output: DC 5V/1A

INSTRUCTIONS:

1. Charging Mobile Devices:
Ensure that your phone or tablet supports wireless charging. It will be listed in the manufacturer's specifications. (See also the last page of this manual).
Connect the wireless charging pad to a USB adapter with the integrated USB cable (1).
- a. Place the enabled device on the surface of the wireless charging pad. Device will automatically begin to charge.
- b. Or/And insert 2-in-1 cable(4) into your desired device port to charge through wire cable.
- Note: To charge devices, use only the accessory cable or the cable included with your own device by the manufacturer.

SAFETY PRECAUTIONS:

Read all the instructions before using the product.

1. Do not use on an aircraft or in a hospital.
2. To reduce the risk of injury, close supervision is necessary when the product is used near children.
3. Do not expose the device to any moisture.
4. Do not use the device in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury.
5. Do not use the device if damaged or modified. Damaged or modified device may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
6. Do not disassemble the device. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury.

7. Do not expose the device to fire or excessive temperature. Exposure to extreme heat may cause explosion.
8. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.

FCC WARNING STATEMENT

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.
