RE: Request for Original Equipment Certification – FCC: SWX-UMRID

It is hereby requested that Ubiquiti Inc. obtain FCC Original Equipment Certification of a radio apparatus on the Ubiquiti Inc. product UMR-Industrial. The associated FCC: number is listed above.

The UMR-Industrial is a compact and robust LTE Gateway that provides 2.4 GHz WAN over LTE WiFi designed to provide fast and reliable internet in areas where the mobile network is the only option. The UMR-Industrial has one Ethernet port for PoE power and data transfer and a second Ethernet port that provides a PoE passthrough function when powered from a PoE power supply. The UMR-Industrial provides a slot for a mobile network Nano SIM card. The UMR-Industrial is powered from an 802.3at PoE power supply, an USB-C connector or 4-pin DC power socket.

Sincerely,

Alex Macon  
Ubiquiti Inc.
