**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, likely a BT antenna, placed on a blue textured surface. The component is rectangular with a gold-colored edge connector on the right side. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Antenna View	BT Antenna  A photograph of the same green PCB component, showing the underside. The component is populated with various electronic components, including capacitors, resistors, and a large toroidal inductor. A red rectangular box highlights a gold-colored antenna element on the right side of the board. A red line points from the text "BT Antenna" to this highlighted area.
