

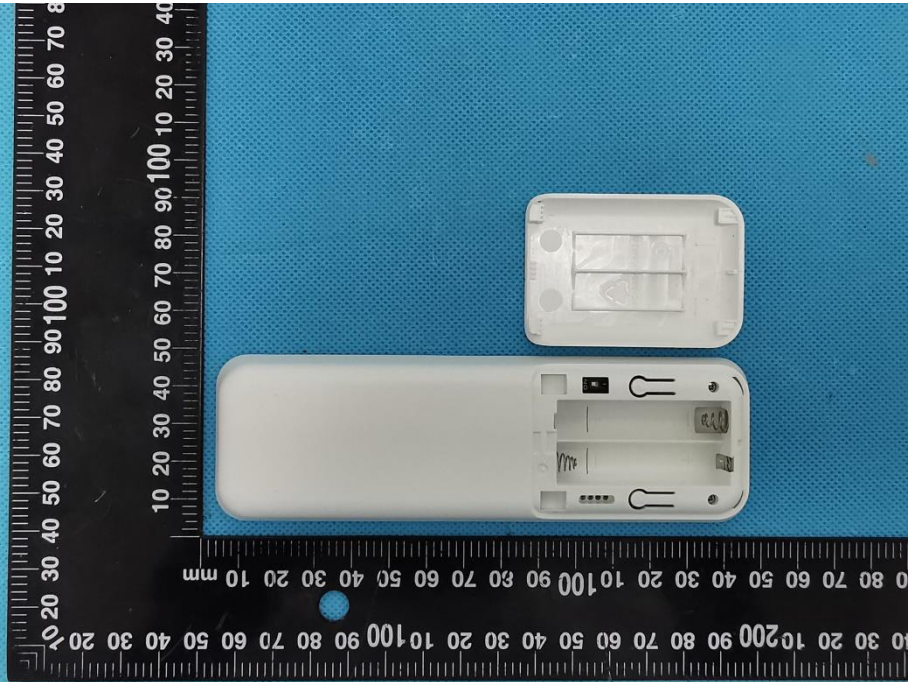

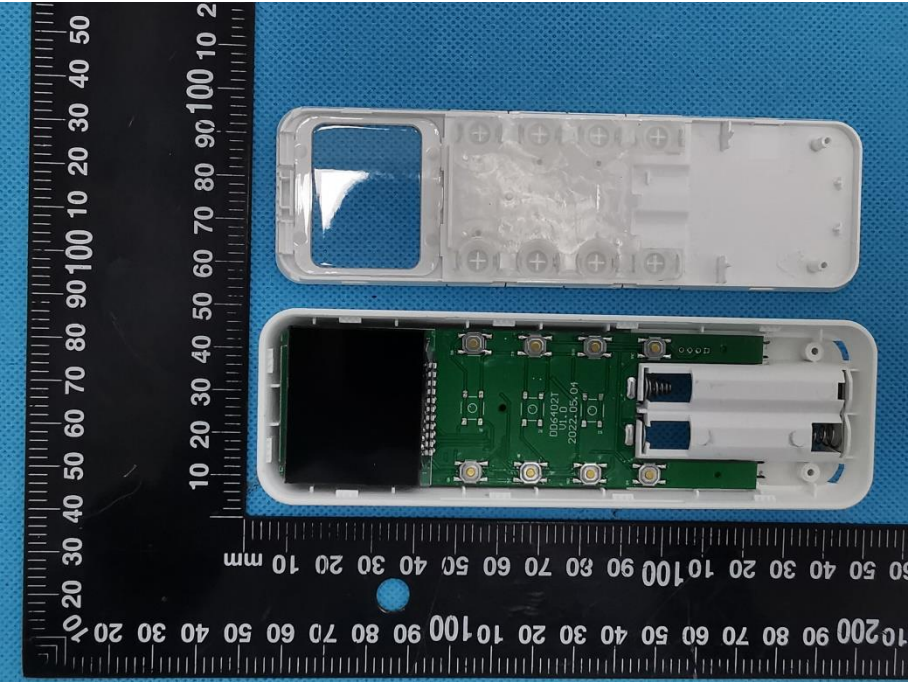

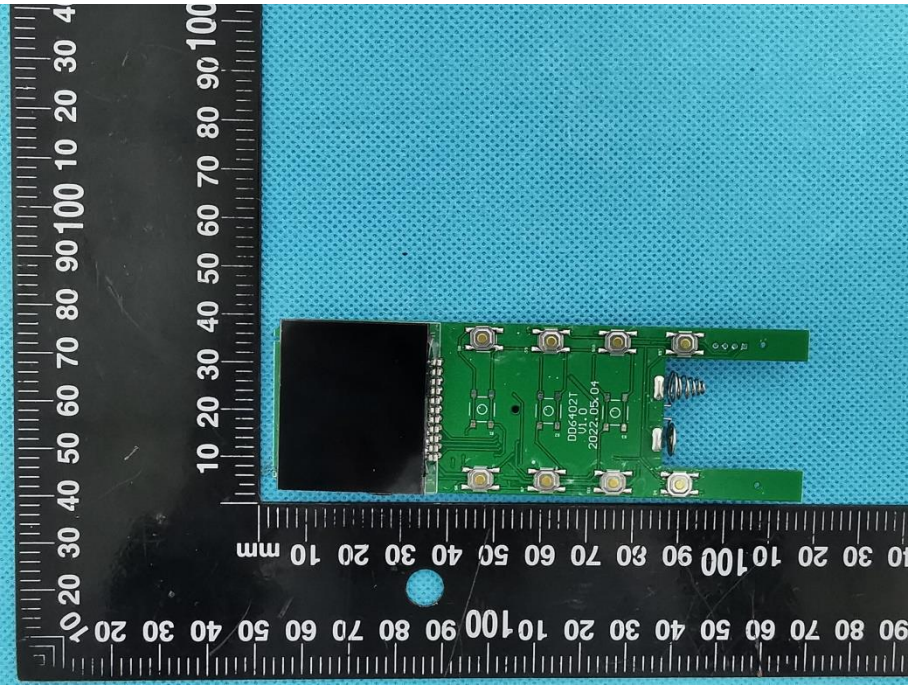

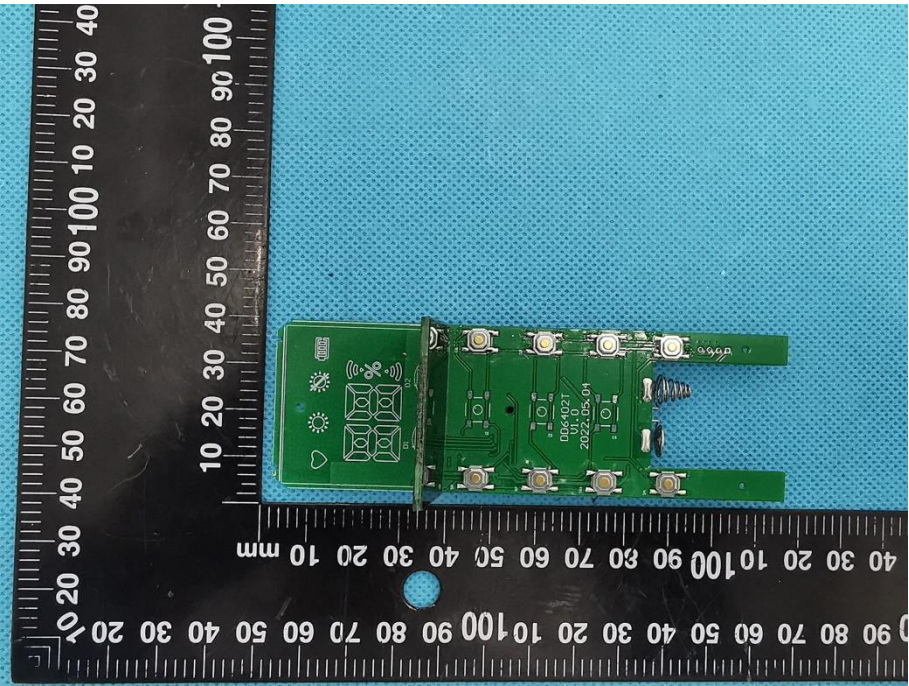

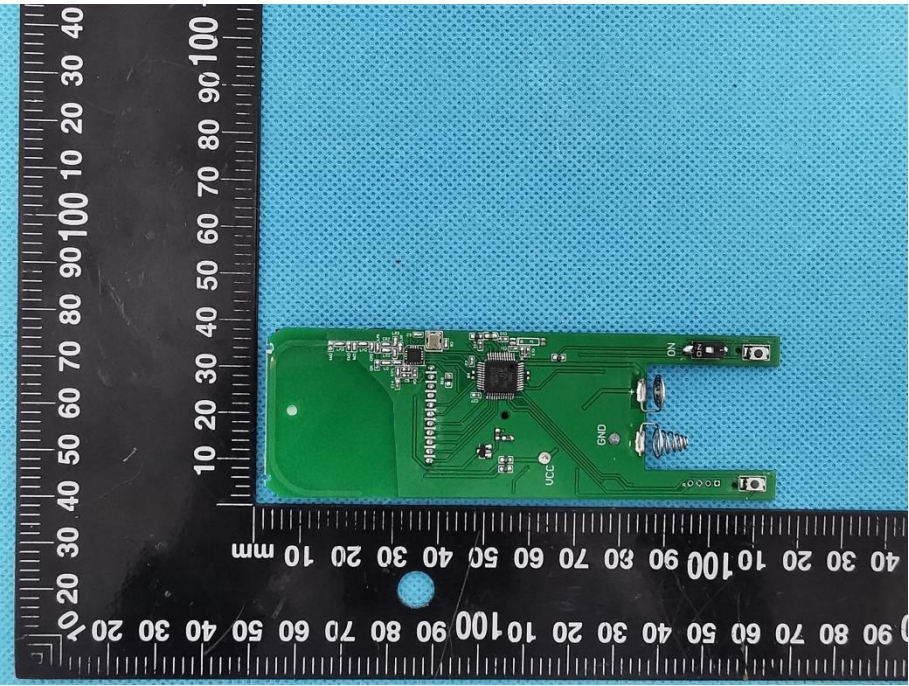

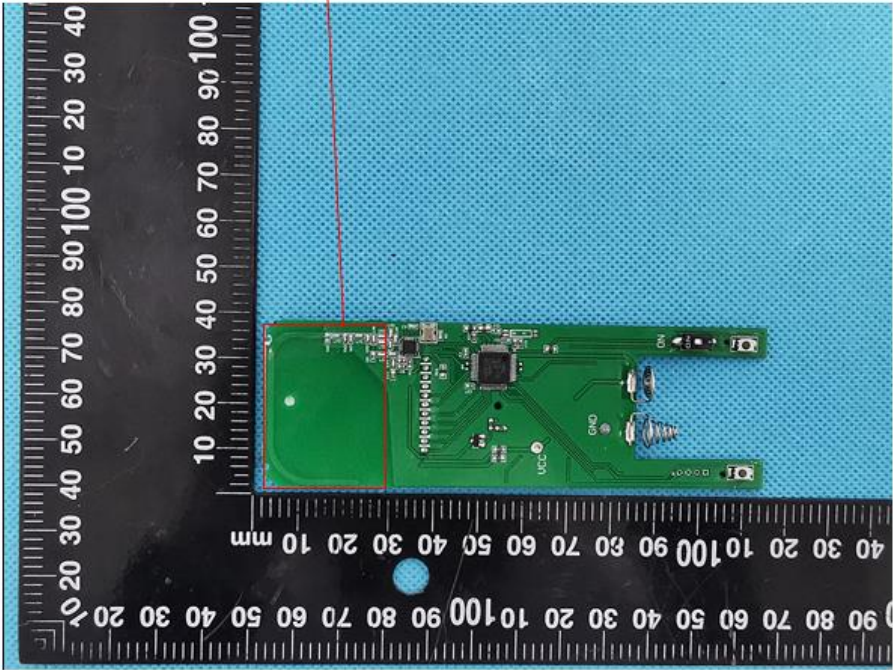

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the back of a white electronic device (EUT) with its battery cover removed, revealing the internal battery compartment and a small black component. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
EUT Housing and Board View 2	 A photograph showing the front of the white electronic device (EUT) with its battery cover removed, revealing the internal green printed circuit board (PCB) and various electronic components. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and features a black rectangular area on the left side. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has several gold-colored solder points and a small silver component. Text on the PCB includes '006402T', 'U1.0', and '2022.05.04'.
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. This view shows the component from a different angle, revealing a white label with a QR code and various symbols (a heart, a sun, and a Wi-Fi symbol). The component is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has several gold-colored solder points and a small silver component. Text on the PCB includes '006402T', 'U1.0', and '2022.05.04'.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is rectangular with various electronic components soldered onto it, including a central microcontroller, several resistors, and a small antenna. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Antenna View	433.925MHz Antenna  A photograph of the same green PCB component, labeled 'Antenna View'. A red rectangular box highlights the antenna area on the left side of the board. A red line points from the text '433.925MHz Antenna' to this box. The component is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
