

Wemo Outdoor Smart Plug Regulatory Insert Copy

English

Date: 8/17/2020 ver3

SKU: WSP090

The following paragraphs are required by the FCC and prove that this product meets all regulatory limits with regard to radio interference and radiation exposure. If you use this product as intended, you will have no issues with either.

FCC Compliance Statement

We, Belkin International, Inc., of 12045 E. Waterfront Drive, Playa Vista, CA 90094, declare under our sole responsibility that the product, WSP080, to which this declaration relates, complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Innovation, Science and Economic Development (ISED) Canada Compliance Statement

CAN ICES-3 (B)/NMB-3 (B)

This device complies with ISED's licence-exempt RSS standards. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The device could automatically discontinue transmission in case of absence of information to transmit, or operational failure. Note that this is not intended to prohibit transmission of control or signaling information or the use of repetitive codes where required by the technology.

This device and its antennas(s) must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with ISED multi-transmitter product procedures.

This device has been designed to operate with an antenna having a maximum gain of 1.8 dBi at 2.4 GHz. Antenna having a higher gain is strictly prohibited per regulations of ISED. The required antenna impedance is 50 ohms.

The maximum antenna gain to comply with the EIRP limit provided in the table below.

Antenna No.	Antenna Type	2.4 GHz Antenna Gain (dBi)
1 Wi-Fi	Internal antenna	1.8dBi

Radiation Exposure Statement

This equipment complies with RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

Pour se conformer aux exigences de conformité CNR 102 RF exposition, une distance de séparation d'au moins 20 cm doit être maintenue entre l'antenne de cet appareil et toutes les personnes.

Safety Caution:

Important safety and handling information before use. When using this product, basic precautions should always be followed, including, but not limited to, the following.

- Please read the operating instructions and information on the minimum and maximum operating temperatures supplied with this product.
- The device is recommended for outdoor use and damp locations.
- Do not immerse this device in water.
- Power outlet on the device shall be used within its published outlet rating on the label.
- Do not place near heat sources or heat-producing devices.

- Do not expose this product to mechanical shock such as crushing, bending, puncturing, or shredding. Avoid dropping or placing heavy objects on this product.
- Do not use this product if visible defects are observed or if it has been damaged or modified. Contact the customer service support of Belkin for assistance.
- Do not attempt to disassemble, open, microwave, incinerate, paint, insert foreign objects into this product.
- Attempting to open or service the unit voids all warranties, express or implied. If you experience problems with the device, discontinue use, unplug the device from wall outlet and contact Belkin for assistance.
- Warning: To reduce the risk of fire or electric shock, care shall be taken so that objects do not fall and liquids are not spilled into the enclosure through the openings.
- Warning: To reduce the risk of electric shock, this product is equipped with a cord having grounding type plug. This plug must be plugged into an outlet that is properly installed and grounded. Contact a qualified electrician to install a proper outlet if doubt exists as to whether the product is properly grounded. Do not change the plug in any way.
- The supply cord of this control can be replaced only by the manufacturer or his accredited service agent.
- Unplug this device during lightning storms or when unused for long periods of time.
- The socket outlet must be near the product's intended use and easily accessible.
- To reduce the risk of injury, close supervision is necessary when this product is used near or by children.

System Requirements:

Wi-Fi router

Android 4.4 and later; iOS v10.0 or higher

General Specifications:

Electrical Rating: 120V~/ 15A/ 60Hz / 1800W

Number of Power Outlets: 2

Wi-Fi: 2.4GHz 802.11n

Product Function

You can control the ON/OFF of the outdoor plug through the app.

Operating Conditions:

For outdoor (to mount plug vertically with sockets facing downwards) and indoor use.

Operating Temperature: 0–50° C

UL 60730-1 Statement

This equipment has been tested and found to comply with UL 60730-1 condition below,

Type 1 action

Pollution Degree 3

Rated impulse voltage : 1500V
