

# QUICK START GUIDE

S120 Solar Wall Light Cam

## AT A GLANCE

- ① Solar Panel
- ② Camera
- ③ LED Indicator
- ④ Microphone
- ⑤ USB-C Charging Port
- ⑥ SYNC Button
- ⑦ Speaker

## WHAT'S INCLUDED

S120 Solar Wall Light Cam  
Model: T81A0

Mounting Bracket

Mounting Screws

Camera Fixing Screw

USB-C Extension Cable

Quick Start Guide

## CHARGING THE CAMERA

⚡ Charging cable and AC adapter are not included.

## SETTING UP

1. Download and install the eufy Security app, and sign up for an account.

2. Follow the on-screen instructions to add your Solar Wall Light Cam.

## MOUNTING

### Select a Location

The camera can be mounted on a wall or similar surface. Select a location where the solar panel will not be blocked by obstacles such as a roof or leaves.

- ⚡ If it isn't possible to completely avoid the solar panel being blocked by obstacles, try to allow as much exposure to sunlight as possible.
- ⚡ Pay attention to battery management via the app to make sure your device receives enough power to continue operating. If your Solar Wall Light Cam does not receive enough power to continue operating, it can be charged manually, or an additional solar panel (with USB-C extension cable) can be connected and placed in a location with sufficient sunlight to stay powered.

### Location Height

We recommend mounting 2 m - 2.5 m (6.6 ft - 8.2 ft) above ground level.

💡 To maximize solar panel efficiency and the camera field of view, select a location where the camera receives plenty of sunlight.

### Mount the Camera

1. Mark the mounting points on the wall or surface where drilling will be required, using the mounting bracket as a template.

2. Drill holes in the wall or surface, then insert the expansion anchors into the holes.

💡 This step applies if mounting onto hard surfaces such as brick or concrete. For soft surfaces such as wood, skip this step.

3. Screw the mounting bracket onto the wall.

4. Slot the camera onto the mounting bracket and make sure it is attached securely.

5. Insert and tighten the camera fixing screw at the bottom of the camera.

## SAFETY

- Do not use the product in an environment where the temperature is too high or too low. Never expose the product to wet environments.
- The suitable temperature for devices and accessories is -20°C to 50°C (Charging temperature is 0°C to 40°C).
- It is recommended to supply the device in an environment with a temperature that ranges from 5°C to 25°C.
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, do not use this device in an environment that exceeds the recommended low or high temperature.
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, avoid exposing your device to direct sunshine or excessively wet environments.
- When supplying power, place the device in an environment that has a normal room temperature and good ventilation.
- The light source contained in this luminaire should only be replaced by the manufacturer, its service agent or a similarly qualified person.

## SÉCURITÉ

- N'utilisez pas le produit dans un environnement où la température est trop élevée ou trop basse. N'exposez jamais l'appareil à un ou à un environnement humide.
- La température appropriée pour le produit et les accessoires est comprise entre -20 °C et 50°C (la température de charge est de 0 °C à 40 °C).
- Il est recommandé d'alimenter l'appareil dans un environnement dont la température est comprise entre 5 °C et 25 °C.
- À moins qu'il ne soit spécifiquement indiqué dans le guide de l'utilisateur ou le manuel d'instructions que cela est sans danger, n'utilisez pas cet appareil dans un environnement qui dépasse les températures basses ou élevées recommandées.
- Sauf indication contraire dans le guide de l'utilisateur ou le manuel d'instructions, évitez d'exposer votre appareil aux rayons directs du soleil ou à des environnements excessivement humides.

- Lors de l'alimentation électrique, placez l'appareil dans un environnement ayant une température ambiante normale et une bonne ventilation.
- La source lumineuse contenue dans ce luminaire ne doit être remplacée que par le fabricant, son agent de service ou une personne également qualifiée.

### CAUTION!

THERE IS A RISK OF EXPLOSION IF AN INCORRECT BATTERY TYPE IS USED. DISPOSE OF USED BATTERIES ACCORDING TO THEIR INSTRUCTIONS.

### ATTENTION!

IL EXISTE UN RISQUE D'EXPLOSION EN CAS D'UTILISATION D'UN TYPE DE PILE INCORRECT. ÉLIMINEZ LES PILES USAGÉES CONFORMÉMENT AUX INSTRUCTIONS.

### Warning:

- Replacing a battery with an incorrect type may bypass safeguards and create danger;
- Disposal of a battery in a fire or other source of significant heat, or by crushing, or cutting, may result in an explosion as well as leakage of flammable liquids and gases;
- Leaving a battery in an extremely hot environment may result in an explosion as well as leakage of flammable liquids and gases;
- A battery subjected to extremely low air pressure may result in an explosion as well as leakage of flammable liquids and gases.

### Attention:

- Le remplacement d'une batterie par un type incorrect peut contourner les protections et créer un danger ;
- L'élimination d'une pile dans un feu ou une autre source de chaleur importante, ou par écrasement ou découpage, peut entraîner une explosion ainsi qu'une fuite de liquides et de gaz inflammables ;
- Le fait de laisser une batterie dans un environnement extrêmement chaud peut entraîner une explosion ainsi qu'une fuite de liquides et de gaz inflammables ;
- Une batterie soumise à une pression d'air extrêmement faible peut provoquer une explosion ainsi qu'une fuite de liquides et de gaz inflammables.

## NOTICE

### FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible or compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician for help.

### FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure condition. The min separation distance is 20cm.

Notice: Shielded cables  
All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.  
The following importer is the responsible party:  
Company Name: POWER MOBILE LIFE, LLC  
Address: 10900 NE 8th St, Ste 501, Bellevue WA 98004  
Telephone: 1-800-988-7973

### IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:  
(1) this device may not cause interference, and  
(2) this device must accept any interference, including interference that may cause undesired operation of the device."

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

### IC RF Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.  
Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.

### Declaration of Conformity

**CE** This product complies with the radio interference requirements of the European Community.

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the declaration of conformity, visit the Web site: <https://uk.eufylife.com/>.

This product complies with the radio interference requirements of the United Kingdom.

Hereby, Anker Innovations Limited declares that this product is in compliance with Radio Equipment Regulations 2017(SI2017/1206). The full text of the UK declaration of conformity is available at the following internet address: <https://uk.eufylife.com>

### RF exposure information:

The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20 cm between the device and the human body. To maintain compliance with RF exposure requirements, use product that maintains a 20cm distance between the device and the human body.

Frequency bands and power as below:

Function	Bands	Operation Frequency	Max. Power
Wi-Fi	2.4GHz	2412-2472MHz	EIRP 19.94 dBm

The following importer is the responsible party (contract for EU matters):  
Anker Innovations Deutschland GmbH | Georg-Mueller-Strasse 3, 80807 Munich, Germany  
The following importer is the responsible party (contract for UK matters):  
Anker Technology (UK) Limited | GNR8, 49 Clarendon Road, Watford, Hertfordshire, WD17 1HP, United Kingdom

This product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.
