

# Quick Start Guide

Get to know your 25,600 mAh + PD Power Bank

## Product Layout

## Technical Specifications

Capacity	25,600 mAh
Size	7.5 x 3.7 x 1 in (19.05 x 9.398 x 2.54 cm)
Weight	1.5 lbs (680 g)
Input	5V,9V,12V,15V,20V up to 3A (60W max)
Output	USB-A: 5V, up to 2.4A (12W max) each USB-C: 5V,9V,12V,15V,20V up to 3A (60W max)

## Charging 25,600 mAh + PD Power Bank

Plug a USB-A to USB-C or USB-C to USB-C cable into the USB-C port on the 25,600 mAh + PD and any live USB-A or USB-C port.

We recommend using a USB-C to USB-C cable with a 60 Watt USB-C Charger for a full charge in about 2.5 hours.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

\*RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSSI(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.
