RE: Supersede Request for FCC ID: RAD048

Hello All,

We would like to request the FCC to supersede the test report exhibit per our clients request for **FCC ID RAD048**. The test report has been revised to change the company from TCL& Alcatel Mobile Phones to T&A Mobile Phones. We have uploaded the revised test report with a letter of justification per FCC requirements.

Please advise if there is any other documentation needed.

Thank you for your attention to this important matter.

Sincerely,

Jennifer Sanchez
