

## Safety Instructions

Read and follow all the safety instructions:

- Do not heat, open, puncture, or mutilate the camping light or dispose of it or its battery in fire.
- Avoid replacing the battery or placing it under direct sunlight for an extended period.
- Avoid charging the product in environments lower than 32°F (0°C) or higher than 113°F (45°C). Avoid using the product in environments below -4°F (-20°C) or above 140°F (60°C).
- Avoid using the product in environments where humidity is higher than 75%RH.
- Only use the provided charging cable to charge the product.
- Keep the product and all its components away from children.
- The waterproof and dustproof rating for this product is IPX5, which helps it withstand splashing water.
- Avoid scratching or puncturing the surface of this product with sharp objects.
- Avoid exposing the product to strong chemicals or corrosive liquids.

## What You Get

Camping Light	1
Micro-USB Charging Cable	1
Manual	1
Service Card	1

## At a Glance

## Using Your Camping Light

- When using the camping light for the first time, press and hold the On/Off Button for 3s to power it on. Later, you can short press to power it On/Off.
- Search 'H7040' on the Govee Home app to pair via Bluetooth.
- Brightness Adjustment: Press to cycle through 6 levels of brightness.
- Color Switch: Press to switch between different colors or color temperatures. Press and hold for 3s to send an SOS signal. Press and hold again for 3s to stop the signal.

## Installing Your Device

If you need to hang the light, ensure that the handle is lifted first. When placing the light on a flat surface, the handle will close on its own.

## Pairing Your Device with the Govee Home App

### What You Need:

A smartphone or tablet running iOS 8.0 (or above) or Android 4.3 (or above).

- 1 Download the Govee Home app from the App Store (iOS devices) or Google Play (Android devices).
- 2 Turn on Bluetooth on your smartphone.
- 3 Open the app, tap the "+" icon in the top right corner and search for "H7040".
- 4 Tap the device icon and follow the on-screen instructions to complete pairing.

## Specifications

Color	RGBWW

## FCC and ISCED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.  
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :  
(1) l'appareil n'émet pas de brouillage, et  
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
