DECT 6.0 cordless telephone

DISCLAIMER AND LIMITATION OF LIABILITY

The ENERGY STAR® program (www.energy.gov) recognizes and encourages the use of products that save energy and help protect our environment. We are proud to mark this product with the ENERGY STAR label indicating it meets the latest energy efficiency guidelines.

VTech Communications, Inc. and its suppliers assume no responsibility for any damage or loss resulting from the use of this user's manual. VTech Communications, Inc. and its suppliers assume no responsibility for any loss or claims by third parties that may arise through the use of this product.

Company: VTech Communications, Inc.
Address: 9020 55th Washington Square Road - Ste 555 Tigard, OR 97223, United States
Phone: 1 (800) 595-9511 in the U.S. or 1 (800) 267-7377 in Canada

Frequency	Crystal controlled PLL synthesizer
Transmit frequency	Handset: 1921.536-1928.448 MHz
Channels	DECT channel: 5
Power requirement	Handset: 2.4V Ni-MH battery Telephone base: 6V DC @ 0.4A Charger: 6V DC @ 0.4A
Memory	Directory: 50 memory locations; Call ID log: 30 memory locations; Call block: 150 entries

TECHNICAL SPECIFICATIONS

IMPORTANT SAFETY INSTRUCTIONS

- When using your telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury, including the following:
- Read and understand all instructions.
 - Follow all warnings and instructions marked on the product.
 - Unplug this product from the wall outlet before cleaning. Do not use liquid or aerosol cleaners. Use a damp cloth for cleaning.
 - CAUTION:** Do not install the telephone base at a height above 2 meters.
 - Do not use this product near water such as near a bath tub, wash bowl, kitchen sink, laundry tub or a swimming pool, nor in a wet basement or shower.
 - Do not place this product on an unstable table, shelf, stand or other unstable surfaces.
 - Avoid placing the telephone system in places with extreme temperature, direct sunlight, or other electrical devices. Protect your phone from moisture, dust, corrosive liquids and fumes.
 - Slots and openings in the back or bottom of the telephone base and handset are provided for ventilation. To protect them from overheating, these openings must not be blocked by placing the product on a soft surface such as a bed, sofa or rug. This product should never be placed near or over a radiator or heat register. This product should not be placed in any area where proper ventilation is not provided.
 - This product should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of power supply in your home or office, consult your dealer or local power company.
 - Do not allow anything to rest on the power cord. Do not install this product where the cord may be walked on.
 - Never push objects of any kind into this product through the slots in the telephone base or handset because they may touch dangerous voltage points or create a short circuit. Never spill liquid of any kind on the product.
 - To reduce the risk of electric shock, do not disassemble this product, but take it to an authorized service facility. Opening or removing parts of the telephone base or handset other than specified access doors may expose you to dangerous voltages or other risks. Incorrect reassembling can cause electric shock when the product is subsequently used.
 - Do not overload wall outlets and extension cords.
 - Unplug this product from the wall outlet and refer servicing to an authorized service facility under the following conditions:
 - When the power supply cord or plug is damaged or frayed.
 - If liquid has been spilled onto the product.
 - If the product has been exposed to rain or water.
 - If the product does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operation instructions. Improper adjustment of other controls may result in damage and often requires extensive work by an authorized technician to restore the product to normal operation.
 - If the product has been dropped and the telephone base and/or handset has been damaged.
 - If the product exhibits a distinct change in performance.
 - Avoid using a telephone (other than cordless) during an electrical storm. There is a remote risk of electric shock from lightning.
 - Do not use the telephone to report a gas leak in the vicinity of the leak. Under certain circumstances, a spark may be created when the adapter is plugged into the power outlet, or when the handset is replaced in its cradle. This is a common event associated with the closing of any electrical circuit. The user should not plug the phone into a power outlet, and should not put a charged handset into the cradle, if the phone is located in an environment containing concentrations of flammable or flame-supporting gases, unless there is adequate ventilation. A spark in such an environment could create a fire or explosion. Such environments might include: medical use of oxygen without adequate ventilation; industrial gases (cleaning solvents, gasoline vapors; etc.); a leak of natural gas, etc.
 - Only put the handset of your telephone next to your ear when it is in normal talk mode.
 - The power adapter is intended to be correctly oriented in a vertical or floor mount position. The prongs are not designed to hold the plug in place if it is plugged into a ceiling, under-the-table or cabinet outlet.
 - For pluggable equipment, the socket-outlet shall be installed near the equipment and shall be easily accessible.
 - CAUTION:** Use only the

BASIC OPERATION

- Make a call**
- Press **TALK FLASH** - OR - Enter the phone number

- Answer a call**
- Press **TALK FLASH** - OR - Press any dialing keys to answer

- End a call** Press **OFF CANCEL**
- Speakerphone** Press **[Speakerphone icon]**

- batteries indicated in this manual. There may be a risk of explosion if a wrong type of battery is used. Use only the supplied rechargeable batteries or replacement batteries (BT162342/BT162342). Do not dispose of batteries in a fire. They may explode. Dispose of used battery according to the instruction. Disconnect the telephone line from the equipment before open the battery door.
- Do not use the battery in following conditions:
 - High or low extreme temperature during use, storage or transportation.
 - Replacement of a battery with an incorrect type that can defeat a safeguard.
 - Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
 - Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
 - A battery subjected to extremely low air pressure that can result in an explosion or the leakage of flammable liquid or gas.
- SAVE THESE INSTRUCTIONS**
- Use only the batteries provided or equivalent. To order a replacement, visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to phones.vtechcanada.com or call 1 (800) 267-7377.
 - Do not dispose of the battery in a fire. Check with local waste management codes for special disposal instructions.
 - Do not open or mutilate the battery. Released electrolyte is corrosive and may cause burns or injury to the eyes or skin. The electrolyte may be toxic if swallowed.
 - Exercise care in handling batteries in order not to create a short circuit with conductive materials.
 - Charge the battery provided with this product only in accordance with the instructions and limitations specified in this manual.
- Precautions for users of implanted cardiac pacemakers**
- Cardiac pacemakers (applies only to digital cordless telephones): Wireless Technology Research, LLC (WTR), an independent research entity, led a

DIRECTORY

Directory

The directory can store up to 50 entries, which are shared by all handsets. Each entry may consist of a telephone number up to 30 digits, and a name up to 15 characters.

Add a directory entry

- Enter the phone number.
- Press **MENU**.
- Press **SELECT**.

- Enter the name.
- Press **SELECT**.

- Press **DELETE**.
- Press **SELECT**.

- WHAT'S IN THE BOX**
- 1 set for CS5229
 - 2 sets for CS5229-2
 - 3 sets for CS5229-3
 - 4 sets for CS5229-4
 - 5 sets for CS5229-5
- 1 set for CS5229-2**
2 sets for CS5229-3
3 sets for CS5229-4
4 sets for CS5229-5

- CONNECT AND ACTIVATE**
- Connect the telephone base**
If you subscribe to digital subscriber line (DSL) high-speed Internet service through your telephone line, make sure you connect a DSL filter (not included) to the telephone wall jack.
 - Install the battery**
 - Connect the charger**
 - Charge the battery**

- Display**
- | | |
|---------------|--|
| | The battery is low and needs charging. |
| | The battery is charging. |
| | The battery is fully charged. |
| | Handset ringer is off. |
| | New voicemail received from your telephone service provider. |
| NEW | There are new caller ID log entries. |
| ANS ON | Answering system is on. |
| MUTE | The handset microphone is muted while on a call. |
| | Time with AM and PM. |
| | Number of new/old messages recorded. |

CALLER ID
