RE: Certification Application

Model: NINA-W151, NINA-W152
IC: 8595A-NINAW15
FCC ID: XPYNINAW15

Declaration of Product Family Equality

To whom it may concern:

We, u-blox AG, hereby declare that the product versions described below are identical.
Product Marketing Name: NINA-W151 and NINA-W152

- All RF-related components are identical and unchanged
- The printed wiring board have identical layer stack-up and dielectric properties
- Impedance controlled traces and other RF-related parts of the layout are identical
- The differences between the product versions are:
 - NINA-W151 has its RF-port presented at a solder land to be connected to an external antenna connector using the external antenna reference design.
 - NINA-W152 has its Printed Wiring Board extended by 3.4 mm to host an internal antenna. The internal antenna of NINA-W152 is connected to the module RF-port via a micro strip.

Thank you for your attention in this matter.

Yours Sincerely,

Olof Viklund
Senior Engineer, u-blox
