Add your Camera

MicroSD Card

To begin viewing your camera, add it to the Night Owl app or to a compatible recorder.

For more detailed setup steps, scan the QR codes below.

Standalone (Add to the App)

Ecosystem (Add to a Recorder) If using the camera as a standalone (no recorder), you will need to insert a microSD Card (up to 128GB) for video storage.

NOTE: With the camera powered on and connected to the Night Owl app, you can use the pan and tilt controls in the app to tilt the camera up to reveal the microSD Card insert. microSD Card sold separately.
