SUBJECT: Class II Permissive Change for FCC ID: EJE-EM7455D4

The product identified as FCC ID: EJE-EM7455D4, has been granted by FCC dated 05/23/2019. The intention of this application is to enable the modular certified FCC ID: EJE-EM7455D4 to be integrated in FUJITSU STYLISTIC Q509.

The module installed into host platform mentioned above is electronically and mechanically identical to the original certified module. The Original FCC testing on module under FCC ID: EJE-EM7455D4 was performed with an antenna of higher gain, and the antenna was connected to the module in an open environment. The current host platform under application uses an antenna with lower gain and is installed inside the host platform enclosure. The physical restraints introduced by the host platform should have resulted in equal or lower level of radiated emission. Therefore, additional Radiated emission testing is not necessary.

A handwritten signature in black ink, appearing to read 'Tsuyoshi Uchihara', is written over a solid horizontal line.
