EUT UNCOVER VIEW 2

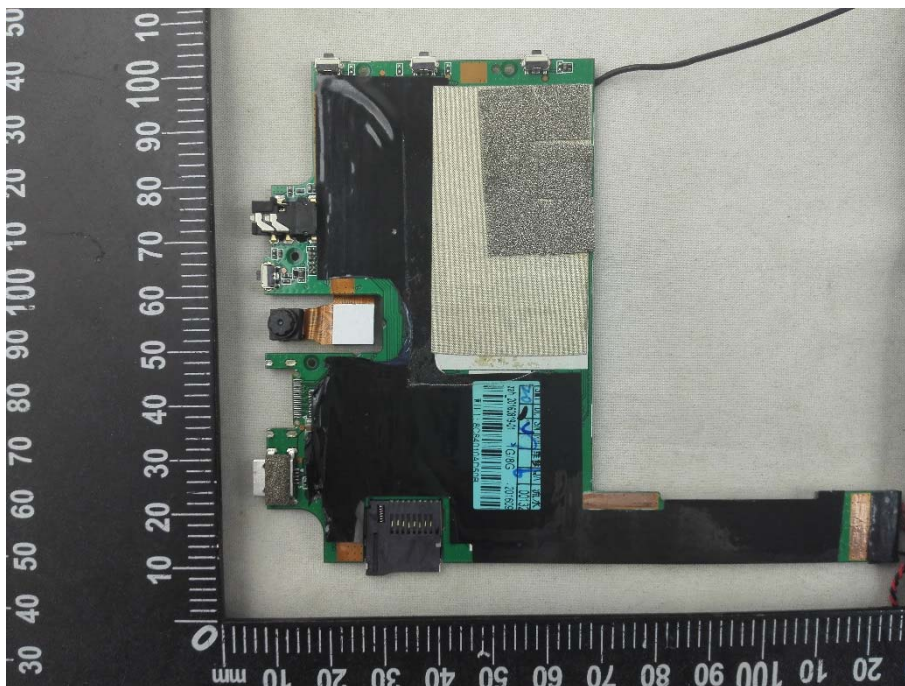

This image shows the internal components of a mobile phone. A ruler is placed vertically on the left for scale. The battery is a large yellow rectangular unit. To its left is the camera module, labeled '7316'. Above the battery, a small black component is labeled 'BT/WIFI Antenna' with a red box and an arrow. Below the battery, there are various electronic components, including a green PCB with labels 'SPK+' and 'MIC+'. The phone's internal frame is black plastic.
